

## Diesel Generator 10kW 230V & 380V electric start ATS RD-GG15

Art. number: **090115**

Barcode: **3800972035171**

- ✓ The generator provides a stable power output of 10kW, making it ideal for powering a large number of devices and machines
- ✓ The generator supports both the standard household voltage of 230V and the industrial voltage of 380V. This makes it extremely versatile and suitable for a variety of applications, including powering machinery and equipment in production facilities
- ✓ The electric starter allows easy and quick starting of the generator, even at low temperatures
- ✓ The generator is equipped with a modern diesel engine that provides high efficiency and low fuel consumption. In addition, it meets modern environmental standards
- ✓ The built-in ATS system ensures automatic switching to the backup power supply in the event of a main power failure. This ensures uninterrupted operation of important systems and devices, which is critical for businesses and home applications

## TECHNICAL FEATURES

Parameter	Measure Unit	Value
Number of industrial outlets		1
Number of plugs		2
Tank capacity (l)	l	30
Fuel consumption (g/kWh)	g/kWh	230
Rated generator power output (kW)	kW	10
Sound power level (dB)	dB	96
Application		General Use
Engine capacity (cm <sup>3</sup> )	cm <sup>3</sup>	720
Fuel type		Diesel
Rated voltage type		Diesel
Ignition system		Electric Start
