

## Lanterna LED 3W TMP

Numar articol: **232502**

Cod de bare: **3800972003262**

✓ Material:aluminu

### TECHNICAL FEATURES

| Parameter                                    | Measure Unit | Value           |
|--|--------------|-----------------|
| Fascicol (m)                                 | m            | 120             |
| Magnet                                       |              | NU              |
| Timp maxim de iluminare (h)                  | h            | 0 - 3.5         |
| Putere maxima a fasciculului de lumina (lum) | lum          | 150             |
| Material                                     |              | Aluminu         |
| Tensiune nominala (V)                        | V            | 4.5             |
| Generație                                    |              | Prima generatie |
| Tensiune nominala                            |              | Baterie         |
| Tipul acumulatorului                         |              | 1xAA battery    |
| Tehnologie                                   |              | LED             |

### ECHIPAMENTE

Acumulator (AA)

1 buc.
