✓ The RD-T13 tiller is a powerful and multifunctional machine designed for efficient soil cultivation in various agricultural and horticultural conditions

✓ Working width: 120 cm - The large working width makes the cutter extremely efficient, allowing the processing of larger areas in a shorter time

✓ 2 forward and 1 reverse speed - This combination of speeds allows you to control the movement of the cutter according to the type of soil and the task at hand. Rear gear makes maneuvering easier

✓ Built-in lighting is a useful addition that allows you to work even in low light or evening hours
