

## Planner Thicknesser 1500W 740x210mm RDP-APT02

Art. number: **059405**

Barcode: **3800972032071**

✓ With the RDP-APT02, you get two tools in one - a planer for leveling surfaces and a straightedge for precisely reducing material thickness. This combined function significantly saves space and money

✓ The machine has a working area of 740x210 mm, which provides enough space to process wider workpieces

✓ With 1500W of power, the RDP-APT02 is designed to handle even denser and harder wood materials with ease

✓ The ability to precisely adjust the thickness and cutting height allows processing with precision according to the requirements of the specific project
